R.C. 2195

To: The Members of the Board

**Re: New York Workers Compensation
Medical Data Call**

In R.C. Bulletin 2190, dated November 6, 2008, you were provided with advanced information regarding the plan of the New York Compensation Insurance Rating Board (Rating Board) to collect detailed medical data. This bulletin contains updated information with respect to the collection of this data.

The Rating Board has entered into an agreement with the National Council on Compensation Insurance, Inc. (NCCI), designating NCCI as the data collection vendor for New York detailed medical data.

If your company is already participating in the NCCI Medical Data Call, you will be expected to submit New York medical data to NCCI in addition to the other states included in the Call.

If your company is not participating in the NCCI Medical Data Call, and you were not contacted recently by the Rating Board requesting contact information for this purpose, your company does not meet the eligibility criteria at this time, and you are not expected to submit New York medical data to NCCI. If your company meets the eligibility criteria in the future, the Rating Board will contact you at that time to establish participation in the Call.

However, if your company is not currently participating in the NCCI Medical Data Call, and you were contacted recently by the Rating Board requesting contact information for this purpose, your company meets the eligibility criteria and is required to submit New York medical data to NCCI.

For information on the structure of the call, the required data elements, and other relevant information, please refer to the NCCI's Medical Data Call Reporting Guidebook, which can be found at: <https://www.ncci.com/documents/MedicalDataCallReportingGuidebook.pdf>.

Questions relating to the structure of the call, the data elements, and the data submission process should be directed to NCCI as described in the Guidebook. Questions regarding eligibility and participation of New York in the Medical Data Call should be directed to the Rating Board contact above.

Your cooperation in this matter is greatly appreciated.

Very truly yours,

Monte Almer

President
